NO NO! You blokes in
Uniform – Step Back!!!!

YEAH IF WE GET BACK IN WE CAN STRING IT OUT TILL THEY'RE ALL DEAD

FAIR GO
SNAKES &
LADDERS
2014 Edition

Fair Indexation for Military Superannuation
Snakes and Ladders
Limited 2013 Election Edition

- Rules:
1. Player One - Australian Parliament 226 members - three tokens
 2. Player Two - Retired and Serving ADF personnel (plus widows, families and friends) has one token
 3. Player One is allowed to control the game, use loaded dice, make up big numbers, and redefine terms like CPI, cost of living, Fair Go and may change the rules at will
 4. Player Two may object about Player One's behaviour but if in doubt rule 3 is to apply
 5. Gambling on this game is permitted however all winnings are to be forfeited to Player One and go into consolidated revenue
- Notes
1. If you choose to be Player Two - be aware that Player One - to date - always wins! (See Rule 3). However as you were taught in your initial training - never, ever, ever give up!
 2. Player Two - Take heart - every three years or so Player Two chooses who Player One will be! The day approaches...
 3. Player One. If this wasn't so serious it might be funny. Hang your collective heads in shame...
- Have fun!
